

Change in Timetable for Clergy Evaluations

The Board of Ordained Ministry is in the process of creating an entirely new clergy evaluation process that will begin next summer. Thus, at Bishop Goodpaster's request, the Cabinet has chosen not to do clergy evaluations the way we have always done them but to wait and begin the new process when it's ready. The form we previously used has been removed from the Conference website and in its place is a note saying that the 2011 forms are under review.
